# GREG, ANA, & CRISTI NEMER

MAKING DISCIPLES · PLANTING CHURCHES · REACHING NATIONS

This past month as we returned from Mexico and Cuba we hosted Max Chismon from Simply Mobilizing at Globe International. We also held a week-long Globe International missionary candidate school. My part was to help equip the candidates to become effective disciple makers and church planters.

We appreciate everyone's prayers for our family and these events.

## *Changed Lives*

While in Cuba I delivered an evangelistic message during a church service about Peter stepping out on faith to follow Christ.

The Cubans really

laughed when I asked, "How many of you have ever got into a boat like Peter did?"

Why did they laugh?

Because getting in a boat is associated with trying to defect from Cuba (to Florida) via water.

There was a Cuban baseball team attending the service. When I asked who wanted to follow Christ, several of them raised their hand. Although everyone was invited to come to the front of the Church not all the athletes came forward.

I felt like I'd made a mistake with the invitation because many church visitors often associate going to the front of the church with a church membership, not an invitation to follow Christ.

Although I'm still learning I did do something right. I obeyed the Holy Spirit's leading by asking everyone who wanted to step out on faith to come up for prayer.

Ruben was one of the persons who came forward for prayer. Although he gave me a small gift after the service, I didn't think much about it until I received a letter from Ruben stating that he immediately received healing in his aching body and even more extraordinarily, God healed his heart,

*"I hadn't been able to praise God like that for a long time."*

I want to encourage you. Obey God. He always knows what's best.

Thanks so much for your prayers and financial partnership.

This month I'll be traveling to Costa Rica with Doug Gehman exploring the possibilities of starting up a missionary sending agency there. Please pray for God to give us wisdom and lead us to the right people.

That all may worship,

*Greg, Ana & Cristi*
